Margin Privileges

All qualified accounts are opened as margin accounts. A margin account allows you to borrow from TD Ameritrade against certain securities as your collateral. A decline in the value of your securities may require you to provide additional funds, or force the sale of securities in your account. Selling short can expose you to potentially unlimited risk. To learn more about the potential benefits of margin borrowing and the associated risks involved, please read the Margin Account Handbook. For Trust and Business Accounts: You must decline margin privileges if the governing documents of the Trust or Business do not authorize margin borrowing.

☐ Check this box to decline margin privileges.
